

Richborough Connection Project: Consultation events

From **10th February 2015 to 27th March 2015** we are consulting with the local community on our plans for a new electricity connection between Richborough and Canterbury. This is likely to be our last consultation on the project before we apply for consent in the autumn.

There will be a series of events where you can find out more about the latest announcements on the project and give us your feedback. Your views are really important to us, so please come along and let us know what you think:
